## Assembly Instructions

1. Assemble the parts listed from your favorite hardware / home store
2. Clean parts to remove any dirt or oil
3. Drill 3/16" or appropriate sized holes in end caps. Make sure screw ends of the Y Holders will fit through holes and enlarge if necessary

4. Paint or coat desired parts

5. Assemble base using 1 Knuckle, 3 Feet, 3- 8" long pieces of pipe. Secure Feet to pipe using screws
6. Attach 36" upright pipe

- Put a small piece of cork in one end of the 4" pipes and screw end caps in place

- Screw 3 pieces of pipe into the second Knuckle and screw the "Y" Holders into each end

- Screw top assembly onto top of 36" pipe

- Post picture of your stand to [www.facebook.com/CreateAComponent](http://www.facebook.com/CreateAComponent)

ENJOY YOUR STAND!!!
